

MATERIAL SAFETY DATA SHEET

STATEMENT OF HAZARDOUS NATURE

Not classified as hazardous according to criteria of Work safe Vanuatu.

COMPANY DETAILS

Pacific Suppliers Limited
Lini Highway
PO Box 541
Port Vila, VANUATU
Telephone Number: (678) 25082
Fax Number: (678) 25256

IDENTIFICATION

Product Name: **BLAZER**
Other Names:
Manufacturer's Product Code: 1BLZ
UN Number: 1805
Dangerous Goods Class and Subsidiary Risk: None allocated -
Hazchem Code: None allocated
Poisons Schedule: None allocated
Use: Power Hard Surface Cleaner and Disinfectant

Physical Description/Properties

Appearance: Clear pale green neutral perfumed Liquid.
Melting Point: Below 0°C
Vapour Pressure: Not available
Specific Gravity: 1.0
Flashpoint (°C): 23-61°C
Flammability Limits: Not Available
Solubility in Water: Miscible in all proportions.
Corrosiveness: Not considered corrosive to metals.
PH (undiluted): 9-10

Ingredients:

All hazardous substances as defined by the NOHSC Code 1008 are listed by chemical name and CAS No. Other ingredients which are determined to be non-hazardous are listed by generic name or as "other ingredients determined not to be hazardous".

Chemical name:	CAS No:	Proportion:
Ethanol, denatured	64-17-5	Less than 24%
Water Soluble solvent	-	Less than 10%
Surfactants	-	Less than 10%
Sequestrants	-	Less than 10%
Quaternary Ammonium Compound	-	Less than 1%
Perfume	-	Less than 1%
Dye	-	Less than 1%
Preservative	-	Less than 1%
Denaturant	-	Less than 1%
Water	7732-18-5	To 100%

HEALTH HAZARD INFORMATION

Acute:

Swallowed: Nauseating. May cause inflammation of the mouth, throat and gastro-intestinal tract.

Eye: May cause mild aggravation.

Skin: May cause dryness by defatting.

Inhaled: No harmful vapours.

Chronic

Prolonged contact may cause a skin reaction. Regular use of a barrier cream is recommended in such cases.

FIRST AID

Swallowed: Give a glass of water and consult a Doctor.

Eye: Wash eyes with water.

Skin: Wash with water.

Inhaled: Leave contaminated area.

FIRST AID FACILITIES: Eye wash. Fresh water.

ADVICE TO DOCTOR: Slightly alkaline detergent. Does not normally cause skin damage.

PRECAUTIONS FOR USE

Exposure Standards: No exposure standard is assigned for any hazardous ingredients.

Engineering Controls: No special requirement.

Personal Protection: Minimise contact of undiluted product with the skin and eyes. Wearing gloves such as rubber or neoprene when using the undiluted product may be required for people with sensitive skin.

Flammability: Flash point below 61°C but "aqueous solutions containing not more than 24% ethanol by volume are not considered to be dangerous goods of Class 3." Ref: P15 Australian Code for the Transport of Dangerous Goods by Road and Rail.

SAFE HANDLING INFORMATION

Storage and Transport: Keep containers tightly closed.

Spills and Disposal: May be flushed to sewer with water but prevent, by any means available, larger spillages from entering storm-water drains or water courses. To contain spillage, absorb on vermiculite or similar absorbing material and collect in drums. Residues may be flushed away with water.

Fire/Explosion Hazard: Use water jets, water fog, foam or dry agent. Wear full body protective clothing with breathing apparatus and protective gloves for fire only. Dilute. Wash to drain with large quantities of water.

OTHER INFORMATION

This MSDS is valid for five years from date of issue but may be withdrawn at any time prior to that date.
